

Steam away common household allergens with the Allergiene™ cycle in this AAFA CERTIFIED washer

Powered by LG Steam technology, the Allergiene™ cycle reduces common household allergens in fabrics like baby clothes and bedding by more than 95%—perfect for the more than 65 million Americans living with asthma and allergies. Steam also gently but powerfully penetrates fabrics to virtually eliminate dirt and odors. At the same time, TurboWash3D™ technology gives clothes a complete clean and gentle care without the wear and tear of an agitator.

Performance

A COMPLETE CLEAN AND GENTLE CARE, NO AGITATOR NEEDED

Healthy Home Solution

REDUCE COMMON HOUSEHOLD ALLERGENS IN FABRICS BY MORE THAN 95%

Cleaning Power

LG STEAM IS KIND TO CLOTHES, TOUGH ON DIRT AND ODORS

Available in:

Black Steel

Performance

A COMPLETE CLEAN AND GENTLE CARE, NO AGITATOR NEEDED

- TurboWash3D™ gives clothes a complete cleaning and the gentle care they deserve—without the wear and tear of an agitator
- A powerful jet spray in the wash cycle, plus the tub and motor that rotate independently and in opposite directions, creates a powerful water flow that causes garments to rub against each other throughout the cycle for enhanced washing performance

TurboWash3D™

Healthy Home Solution

REDUCE COMMON HOUSEHOLD ALLERGENS IN FABRICS BY MORE THAN 95%

- CERTIFIED asthma & allergy friendly® by the Asthma and Allergy Foundation of America (AAFA)—LG washers are the first to earn this distinction
- Breathe a little easier with the Allergiene™ cycle that uses the gentle power of steam to remove common household allergens from bedding, baby clothes and more
- A proven solution for creating a healthier home—perfect for the more than 65 million Americans living with asthma and allergies

Cleaning Power

LG STEAM IS KIND TO CLOTHES, TOUGH ON DIRT AND ODORS

- There's no clean like a steam clean—LG Steam technology gently but powerfully penetrates fabrics to virtually eliminate stubborn dirt and odors
- Steam molecules are smaller, hotter and more active than water molecules—that can mean less time to clean since steam reaches higher temperatures more quickly

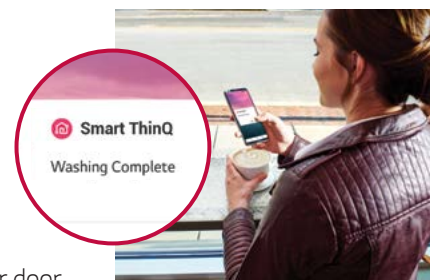

Additional Features

Smart Features

SAVE TIME AND SIMPLIFY LAUNDRY DAY

- Use the SmartThinQ® app to start the laundry while you're out shopping, check remaining cycle time or get notifications on your smartphone when clothes are clean
- Go hands-free—select washer features work with Alexa and the Google Assistant
- Never run out of detergent again—Amazon Dash Replenishment Service tracks usage and automatically delivers your favorite detergent right to your door
- Powered by AI, ProActive Customer Care keeps your washer running at its best

Mega Capacity

GO BIG TO SAVE TIME AND GET MORE DONE

- Say never again to never-ending piles of laundry—this mega capacity washer is the largest top load in its class* to fit more clothes in every load and help you power through laundry day in less time
- How big is 5.5 cu. ft.? Big enough to fit a king-size comforter and a full set of bedding in a single load, for big time savings every week

*Based on manufacturer's published specs of top load washers with a width of 27 inches or less (April 2019).

ColdWash™ Option

CLEANS LIKE WARM, SAVES LIKE COLD

- Saving energy doesn't have to mean compromising on cleaning with the ColdWash™ option
- Powered by the LG Direct Drive Motor and 6Motion™ technology, it's ideal for cleaning all types of clothes—even those you normally wash in warm water
- Can be used with almost any wash cycle and virtually all fabric types

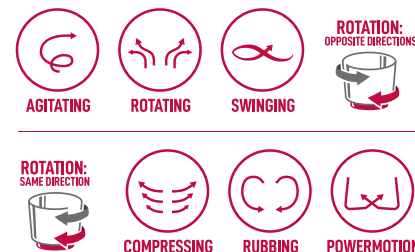

6Motion™ Technology

GET A CUSTOM CLEAN

- Based on the cycle you select, LG 6Motion™ technology uses up to 6 different wash motions, each designed to get clothes cleaner and help them last longer
- Options range from a scrubbing PowerMotion that helps to dissolve stains to the gentle Swinging motion that's ideal for delicates

ENERGY STAR® Certified

SAVE WATER, SAVE ENERGY, SAVE MONEY

- This LG high efficiency top load washer uses far less water and energy than a conventional washer for savings that add up with each load
- Get additional savings with load-sensing technology that adjusts water levels and wash times or by adding the ColdWash™ option to almost any cycle
