

Configuration:

LA-317-01 4-Unit Portable RF Product Charging/Carrying Case (North America)*

LA-317-02 4-Unit Portable RF Product Charging/Carrying Case (Asia, UK)*

LA-317-03 4-Unit Portable RF Product Charging/Carrying Case (Euro)*

LA-317-04 4-Unit Portable RF Product Charging/Carrying Case (Australia)*

*01, 02, 03, and 04 designation refers to international plug type (type B, G, C, and I) for the power supply.

Product Overview:

This 4-unit drop-in charging case is designed to store and charge up to 4 portable Listen RF products (LT-700, LR-200, LR-300, LR-400 or LR-500) Place units in the slots, connect a charging cable to each unit, and they'll turn off automatically when fully charged. A power cable connects the case to a standard electrical outlet. It also has individual earphone storage slots to prevent cable tangling, and a large pocket to store the power supply, headsets, and/or additional items. The sleek, sturdy case has durable latches and includes a shoulder strap for easy transport. Use with NiMH batteries.

Highlights:

- Sturdy case with hard foam interior and durable latches
- Stores up to 4 receivers or portable transmitters
- Small pocket stores earphones and/or other accessories
- SmartCharge™ charging technology built into Listen products prevents overcharge
- Case comes with keys and can be locked for security
- Detachable nylon carrying strap

Includes:

- One (1) LA-317 4-Unit Portable RF Product Charging/Carrying Case
- One (1) Shoulder strap
- One (1) Power Supply

Architectural Specification:

Product Specification: 4-Unit Portable RF Product Charging/Carrying Case	
Power
