

**Configuration:**

LA-380-01 Intelligent 12-Unit  
Charging/Carrying Case (North America)\*

\*01, 02, 03, and 04 designation refers to international plug type (type B, G, C, and I) for the power supply.

**Product Overview:**

The LA-380 is the charging/carrying case for the Listen iDSP assistive listening receivers. It is engineered for streamlined dispensing, collecting and care of the iDSP LR-4200 and LR-5200 RF listening devices.

Built to accommodate the smallest, lightest device of its kind, the tray organizes and charges up to twelve iDSP units. The charging slots feature tension locking ability to ensure proper charging contact and security. Additionally, each charging slot is capable of storing personal collateral, such as an ID card while the receiver is being used.

Operation and use is very simple, just drop the units in the charging tray. A power cable connects the charging case to a standard electrical outlet.

The carrying case also has an earphone storage pocket to prevent cable tangling, and a large pocket to store the power supply, headsets, and/or additional items. The sleek, sturdy case has durable latches and includes a shoulder strap for easy transport. The carrying case is not designed to check in baggage on an airplane.

**Highlights:**

- Transport, drop-in charging, storage and dispensing case for streamlined dispensing, collecting and care of up to (12) iDSP LR-4200 and LR-5200 RF listening devices
- Sturdy case with hard foam interior and durable latches
- Pocket stores earphones and/or other accessories
- Case comes with keys and can be locked for security
- Detachable nylon carrying strap

**Includes:**

One (1) LA-380 Intelligent 12-Unit Charging/Carrying Case  
One (1) LA-209 Intelligent 12 Unit Charging Tray Power Supply  
One (1) Set of Keys  
One (1) Shoulder Carrying Strap  
One (1) Setup/Dispensing Quick Reference Laminated Card

**Architectural Specification:**

The LA-380-01 Intelligent 12-unit charging/carrying case shall be capable of transport, charging and storing up to 12 intelligent products. The unit shall accept an input voltage of 100 to 240AC, 50/60 H and shall deliver 5.0 VCD, 8 A at 40 watts. The unit shall be capable of being locked. The unit shall have equivalent compliance with UL, CE and RoHS. The LA-380-01 Intelligent 12-unit charging/carrying case is specified.

Product Specification: Intelligent 12-Unit Charging/Carrying Case	
Power	
Power Supply Input	100-240VAC, 50-60 Hz
Power Supply Output	5.0 VDC, 8 A, 40 W
Power Supply Connector	.22 in. (5.5 mm) OD x .09 in. (2.3 mm) ID, barrel type
Physical	
Cord Length	72 in (182.9 cm) Input Power Cord, 45 in (114.3 cm) Output Cord
Unit Capacity	12 Units
Dimensions (H x W x D)	13 in. x 18.25 in. x 6.75 in. (33 cm x 46 cm x 17 cm)
Unit Weight	5.0 lbs. (2.27 kg)
Shipping Weight	6.0 lbs. (2.70 kg)
Color	Black ABS
Compliance	
Power Supply Compliance	UL, CE, RoHS
Standards	RoHS
