

**RG-58 50 Ohm Preassembled Coaxial Cable (Per ft./3 m)****Product Overview:**

The LA-391 gives the right amount of cable for your RF/IR predesigned system. The cable comes with both BNC connectors attached to the desired length of RG-58 cable. 10 ft. (3 m) minimum order. Cable and connectors may be ordered separately with parts LA-112 and LA-127.

**Highlights:**

- Ordered in custom lengths
- Terminated RG-58 coax

**Includes:**

One (1) RG-58 50 Ohm Preassembled Coaxial Cable (Per ft.)

Product Specification:RG-58 50 Ohm Preassembled Coaxial Cable (Per ft./3 m)	
Physical	
Number of Conductors	1
Cable Type	RG-58/U 50 Ohm
Gauge	11 AWG
Diameter	Conductor: 0.04 in. (1 mm) Insulation: 0.12 in. (3 mm) Overall: 0.20 in. (5 mm)
Material	Conductor: Bare Copper Shield: Braided Bare Copper
Weight	Per ft.: 1 oz. (28 g)
