

Product Overview:

The LA-401 universal ear speaker is designed to provide high quality audio and the freedom of movement without cable snags. Universally styled to easily fit over the ear, it provides a comfortable, secure fit on either the right or left side. The open design allows the user to hear direct sounds and can be used with hearing aids.

The ear speaker can be used with the integrated neck loop/lanyard around the neck via the shorter connection cable or with the belt clip, or concealed in a pocket using the included 3.5 mm extension cable.

The hard plastic can be easily and hygienically cleaned and reused using a Listen disinfecting wipe (LA-901 or LA-902).

Highlights:

- Provides high quality audio and the freedom of movement without cable snags
- Universally styled to easily fit comfortably over the right or left ear
- Open design allows the user to hear direct sounds and can be used with hearing aids.
- Use with integrated neck loop/lanyard or 3.5 mm extension cable
- Hard plastic can be easily and hygienically cleaned and reused

Includes:

- One (1) LA-401 Universal Ear Speaker
- One (1) LA-434 Earphone Extension Cable

Architectural Specification:

The LA-401 Intelligent Ear Speaker shall provide an audio response of 20 Hz to 20 KHz with an impedance of 32 ohms. The device shall be easy to put on, easy to clean and shall provide a cable length of 13 in (33 cm) that reduces cable tangling. The device shall be open allowing direct sound to be heard by the user. The LA-401 is specified.

Product Specification: Universal Ear Speaker	
Audio	
Frequency Response	20 Hz - 20 kHz
Impedance	32 ohm +/- 15% @ 1 kHz
Rated Power Input	50 mW

Max Power Input	100 mW
Input Sensitivity	115 dB +/- 4dB @ 1 kHz, 1 mW
Compliance	
Standards	RoHS
Interconnections	
Connector/s	Male 3.5 mm (TRS)
Physical	
Cable Length	13 in. (33 cm), extension cable is 28 in. (71 cm)
Unit Weight	0.40 oz. (11 g)
Shipping Weight	1.0 lbs. (454 g)
Color	Dark Gray
