

Portable Evaporative **AIR COOLER** for Amplified Cooling

Model ME1MOGO/ME2MOGO

- A workhorse of an evaporative air cooler, this powerful, **weather-resistant** model is built to cool **larger indoor spaces** and **outdoor spaces**.
- Garages, workshops, warehouses, backyard decks, outdoor patios—the unit's **triple-sided honeycomb** and **extra-wide 16" fan blades** deliver robust cooling.
- Equipped with a **jumbo 14-** or **19-gallon water tank**, a **continuous water hookup** option and **swinging louvers**, the cooler pumps out non-stop breeze while you're at work or play.

New to evaporative air cooling?

It's a cooling alternative for spaces not suited for air conditioning, such as garages, workshops, warehouses, backyard decks, outdoor patios.

Keep cool where you work and play. Evaporative cooling is an energy-efficient technology that works most effectively in hot, dry climates.

1 Year Limited Warranty
