Flat Wall and Glass Mount
FVWM-10/FVGM-10

The Mimo flat wall and glass mounts are perfect for both any office or industrial installation.

Flat Wall and Glass Mount

This flush wall and glass mounts provide an elegant finish that streamlines your screen seamlessly with the decor of the room. It securely supports flat screens weighing up to 66lbs (30kgs) just 0.6-inch (15.5mm) from the drywall or glass wall, offering slim line mounting solutions that are almost flush to its surroundings. This space-saving design is ideal for displays where screen movement is not required. Installation is quick and easy and compatible with a wide variety of monitors with 75mm x 75mm (3-inch x 3inch) or 100mm x 100mm (4-inch x 4-mch) VESA mounting hole patterns. The screen can easily be removed and changed but is still protected against theft with a security screw. Works with all Mimo monitor screens which are VESA-compatible.

Features:

- Max display weight: 66lbs (30kg)
- Mounting hole pattern (mm): 75x75; 100x100
- Mounting options: drywall wall or glass wall
- Space saving design is ideal for displays where screen movement is not required
- Screen can be easily removed and changed but is still protected against theft with a security screw
- Black printable signage to cover back of mount on back side of glass (glass mount only)

Applications

- Any location with drywall or glass construction.
