

Make every day a staycation with Shae 3-piece chat set by Mōd. This collection includes 2 scoop chairs and matching side table. It's the perfect destination for daydreaming about future trips, whiling away the hours coming up with travel itineraries both real and imagined. The modern chairs and side table are crafted from powder-coated steel, designed to resist rust and corrosion. While you get the sturdy support from the steel frame, the woven accents are the true focal point of the set. The rattan wrapping is what brings the mid-century design out of the past and into your future, especially if that future is at the beach. Complementing the neutral-toned rattan are the crisp, white cushions and pillows. Both quick-drying and plush, the cushions and pillows are comfortable and durable at the same time. Rounding out your backyard oasis is the matching glass top side table. The perfect spot to rest your drink (complete with paper umbrella), the side table has the same stylish rattan woven accents as the chairs in the set. Thanks to the all-weather material construction, you'll feel like you're on a permanent staycation for years to come!
