

49" & 55" OUTDOOR KIOSK

Designed for your digital signage application
 *Available as shell only or with displays included

Outdoor Kiosk

The MPKO outdoor portrait kiosk series is designed for Samsung's 55" OHF or LG 49" XE4F displays. These kiosks have options to support a camera, media player and router as well as speakers (additional charges may apply). This kiosk can also come with touch using an IR touch overlay. The display brightness is 3000 nits and boasts an operating temperature of -40c to 50c.

The applications for this kiosk are endless. This kiosk can be used in outdoor mall applications, street kiosks, QSR, hospitality, casino's, hotels and the list goes on.

Constructed using 14 GA. and 12 GA high impact steel and a shatter resistant polycarbonate display that ensures longevity and years of use. This kiosk can be painted any color and customized to include printed decals and kiosk wraps. (additional cost may apply)
