Heavy Duty Cathedral Ceiling Adaptor

FOR PROJECTORS AND FLAT PANEL DISPLAYS

The Heavy Duty Cathedral Ceiling Adaptor can be used with 1.5"-11.5 NPT extension columns (EXT, AEC models only) to securely mount and support a projector or flat panel display from an angled ceiling. This adaptor offers +95°/-5° of adjustment and includes a security slot for theft resistance. The ACC-CCPHD is a low-profile, secure solution to support nearly any projector or display in an angled ceiling application.

The +95°/-5° tilt provides the ultimate flexibility, allowing displays to be mounted from multiple ceiling angles and even above partial walls (90°).

Additional Features

- +95°/-5° of adjustment
- Compatible with 1.5"-11.5 NPT (38mm) extension columns
- Can be mounted directly to wood studs or concrete
- Includes a security slot for theft resistance

Max load 500lb (226.8kg)

1.5" - 11.5 NPT WITH SECURITY SCREW
To lock extension column in place

+95°/-5° ADJUSTMENT
Securely lock the adaptor at any angle
The Heavy Duty Cathedral Ceiling Adaptor shall be a Peerless-AV model ACC-CCPHD and shall be located where indicated on the plans. Assembly and installation shall be done according to instructions provided by the manufacturer.
