SMARTMOUNT®

# Portable Video Wall Cart
4x3 Configuration

FOR 46" TO 55" DISPLAYS

Peerless-AV® takes video wall carts to a whole new level of innovation. Designed for modularity, this 4x3 video wall cart configuration allows the user to create a flawless video wall with displays ranging from 46" to 55". This Modular Video Wall Cart offers an 8-point micro-adjustment to create a seamless alignment without the need of tools. With a five-inch lockable caster, the cart becomes secure for safe and easy movement over various flooring surfaces. Designed for a quick set-up and tear down, the cart features a quick-connect latch for adaptors, allowing automatic engagement with mounting rails. Media storage and cable management create a sleek appearance for any application setting. With an overall weight and shipping cost reduction, this Portable Video Wall Cart is the ultimate video wall cart solution.

DS-C555-4X3's tool-less micro-adjustment at 8 points helps seamlessly align the displays, creating the ultimate video wall cart solution.

GET IT RIGHT™
