CREATING A LARGER VIDEO WALL?

Simply add **SYM-IB-EXT** extension bars and connect multiple Symmetry interface bars to create impactful displays to match your vision.

Overcome ceiling digital menu board installation woes with Premier Mounts' easy-to-install 3x1 ceiling mount solution! Premier Mounts' innovative ceiling-mounted menu board solution is designed to support hanging displays up to 55". You can deliver a sleek, suspended presentation every time with this low-profile mount.

This mounting solution is comprised of:

1 - Symmetry Interface Bar (SYM-IB-130B): Our unique horizontal extrusion design effortlessly aligns your display, ensuring a perfect level every time, even on imperfect surfaces.

3 - Symmetry Display Brackets (SYM-DB-FT[Pair]): Engineered for speed and efficiency, they seamlessly integrate with the interface bars, creating a rock-solid mount in minutes.

2 - Symmetry Pipe Adapters (SYM-PA): Our pipe adapters make ceiling mounting a breeze by easily adapting the interface bars to our 1.5" NPT ceiling pipes.

2 - Symmetry Pipe Adapter Covers (SYM-PAC): Conceals the mounting hardware, creating a clean, polished look that complements your décor.

CEILING SUPPORT AND SUSPENSION ADAPTER ARE NOT INCLUDED!
Must be ordered separately.
