HQ50A Hospitality TV

Key Features

QLED

Impressive QLED for Hospitality

The Samsung HQ50A enables hotel operators to create welcoming environments ready to impress their guests, even when space is limited. Its compact design seamlessly blends into any setting to maximize space, allowing visitors to relax in comfort while enjoying signature QLED quality.

Enhanced viewing experience provided by rich and precise colors

Quantum Dot technology delivers our finest picture ever. With 100% Color Volume, Quantum Dot takes light and turns it into breathtaking color that stays true at any level of brightness.

High Dynamic Range for better contrast and brightness

With better contrast and brightness, guests can experience a newfound joy in TV watching.

Create an unforgettable welcome

The Home app provides a first-class welcome experience for guests. This intuitive, customizable application can incorporate customized welcome messages, as well as hotel logos, branding and other useful information.

See it all on a larger screen

Guests can share content from their mobile devices to the HQ50A. Whether it's live sports video games, guests can connect their phones and share for all to see.

Samsung LYNK REACH 4.0 Content Management Solution

Samsung's LYNK REACH 4.0 is a complete content management solution that accommodates coaxial, LAN and Wi-Fi infrastructures to improve hotel management, monitoring and guest service functions. LYNK REACH 4.0 offers efficiency-enhancing technology that transforms the in-room display into a superior guest experience.

Samsung LYNK™ DRM HD content decryption

Samsung's software-based DRM technology is integrated into the entire Samsung Hotel TV line. Samsung LYNK™ DRM offers a robust solution to unlock premium HDTV content from cable, satellite and VOD providers, with maximum efficiency and security.

Embedded H.Browser solution

H.Browser is a fully customizable, IP-based open platform for hospitality display management. H.Browser enables hotels to deliver customized content and interactive services without the need for Set-Top Boxes.

Pro:Idiom HD content decryption

Pro:Idiom MPEG4 technology makes the HQ50A TV compatible with most major VOD/PPV systems.

Additional IP connection

With the HQ50A's ethernet port, guests have the flexibility of connecting a laptop, an OTT streamer or VoIP.

Ultra-sleek and slim, with a host of features

The 3-sided bezel-less design and ultra-slim profile enable optimized room layouts that increase appeal and guest comfort. Other features of the HQ50A include: RJ12 IR Pass-Through, Front Panel Lock-out, Menu Display Lock-out, Channel List Guide, Channel Re-mapping, USB Cloning, Anti-Theft Battery Cover Remote Control and much more.

HQ50A Hospitality TV

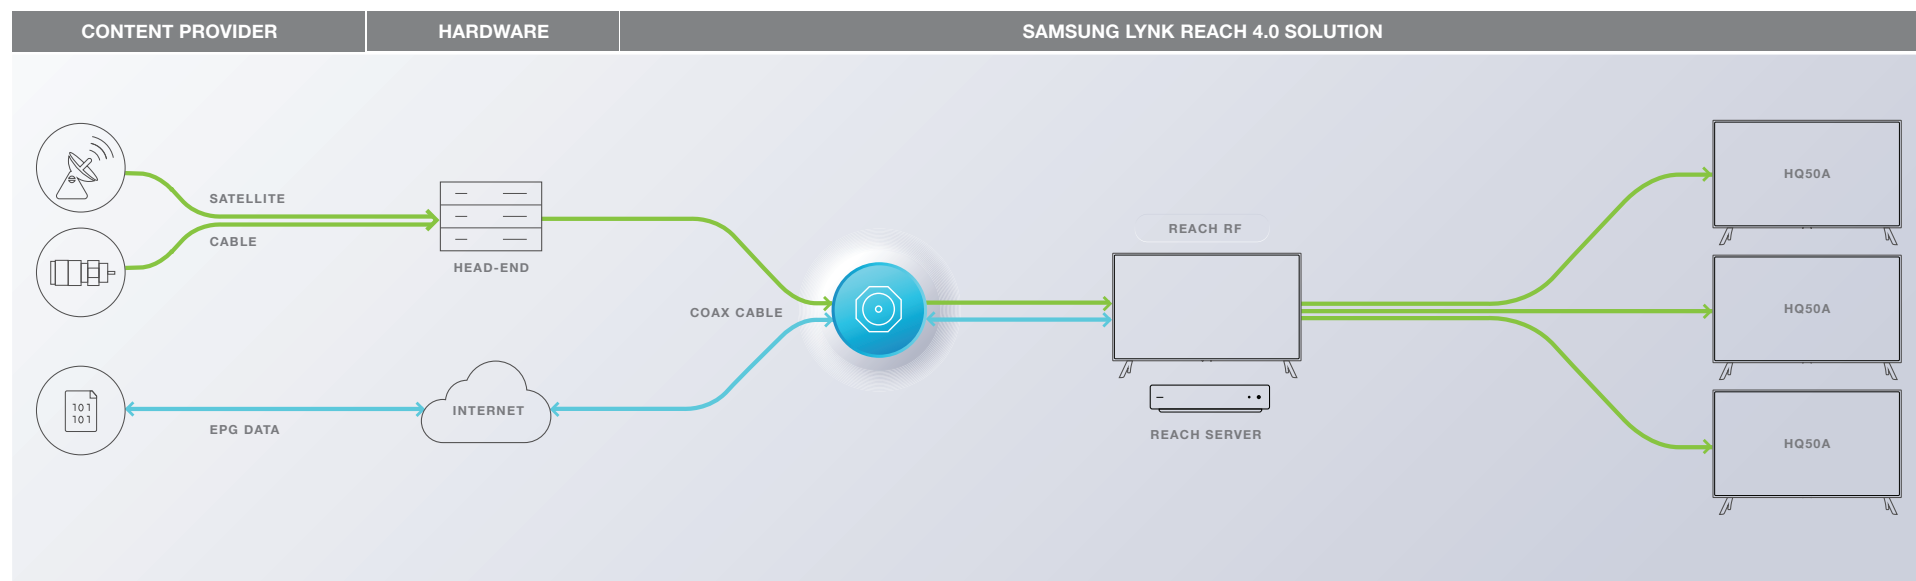

A better environment and easier management through Samsung LYNK.

Samsung LYNK REACH 4.0 CMS delivers more than just content.

Control content on hundreds of TVs at once. Eliminate room-by-room visits to each guest room by using a single-location remote solution. The REACH (RF) Server delivers updated firmware and other settings to TVs through RF signals. REACH (IP) is also available for centralized control of SMART hospitality TVs without the need for additional hardware. Updates are simple and simultaneous, with no need to go from room to room to update each display.

Reinforce your brand. With the fully customizable Graphical User Interface (GUI), you can choose from pre-built templates or upload your own assets to develop a GUI from scratch. Samsung also has a network of certified REACH integration partners who can provide turnkey solutions.

Keep your guests entertained. LYNK REACH provides channel management capabilities including a customizable interactive program guide. Additionally, with third-party casting services, your guests can connect their mobile devices to the in-room screen.

HQ50A Hospitality TV

DRM

Digital Rights Management (DRM)

Samsung LYNK DRM HD Content Decryption (RF)

Samsung's software-based DRM technology is integrated into the entire Samsung Hotel TV line. Samsung LYNK offers a robust solution to unlock premium HDTV content from content providers such as cable, satellite and VOD providers, with maximum efficiency and security.

Pro:Idiom DRM HD Content Decryption

The HQ60A series is equipped with Pro:Idiom MPEG4 technology, making the TVs compatible with most major VOD/PPV systems. You can offer your guests premium HDTV content from cable, satellite or video-on-demand services with no optional cards or external box needed.

Pro:Idiom™

Glossary

Connections

Anynet + (HDMI – CEC)

This Samsung protocol allows the user to control other HDMI devices connected to the TV display, such as DVD players, PC computers and Soundbars.

ConnectShare (USB 2.0)

Connect a thumb drive or digital camera quickly and easily. User-friendly interface allows access to videos, a music playlist and pictures via the remote.

Management and Guest Convenience

Anti-Theft Battery Cover

Battery door is secured, ensuring batteries remain in the remote controller.

Auto Channel Search

Auto detect channel while in Hotel mode.

Clock On Timer and Alarm Key

Allows guests to program their TVs to turn on as a wake-up alarm.

Closed Captioning

A text display of all audio content, including spoken dialog and non-speech information such as the identity of the speakers and symbols for sound effects and music.

Hotel Channel List

Guest master channel listing of program content. This will display content in analog or HD.

Hotel Logo and Custom Message with Samsung Home App

Easily edit the Home App to display your hotel logo and custom message.

Hotel Mode Plug & Play

Interactive and Stand-Alone modes available.

Lockout Controls

The hotelier can enable front panel and menu display lock-outs.

Power On Status Setting

Settings include Power Always On, Last Option or Standby.

On Screen Display Language

Choose English/French/Spanish.

Security for HDMI and USB

You can enable or disable HDMI and USB access. If HDMI is disabled, HDMI source, HDMI-type external channels, and Anynet+ will not be accessible to guests. If USB is disabled, access to USB media is blocked.

Sleep Timer

Allows guests to set TV turn-off time in 30-minute intervals up to 180 minutes.

USB Cloning

A quick and easy way to copy the ideal settings off one television to others on the property. Saves time and helps provide a consistent viewing experience for all televisions.

Audio

Samsung Soundbar Compatible

Samsung Hospitality Displays enable Soundbar compatibility by supporting HDMI-CEC. When you connect the Soundbar to the Samsung Hospitality Display with an HDMI cable, the TV audio settings and menu lock feature are automatically applied, so you don't have to set up the Soundbar separately. You can also prevent guests from changing the settings. With a single remote, guests can control both the TV and Soundbar simultaneously.

Warranty

Hospitality Warranty

2-year parts and 2-year labor warranty backed by the Samsung Hospitality Hotline at 1-866-894-0524. Optional professional installation, accessories and extended warranty are available.
