Healthcare TV Features

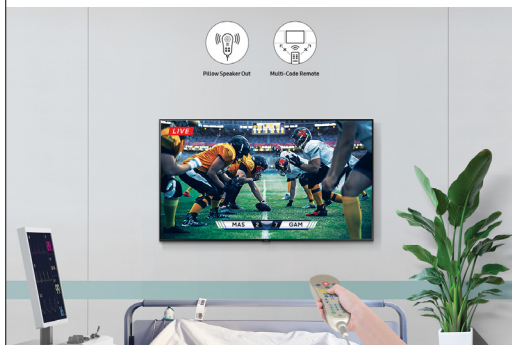

Create a comfortable, patient-centric experience

Provide your patients with an entertainment experience that makes it feel more like home. Equipped with a pillow speaker interface, Samsung's HCU7030 Series Crystal TV enables clear streaming audio, right at the patient's bedside. The displays are UL-certified for installation in a variety of spaces in a hospital or healthcare facility.

Integrated Pillow Speaker Interface

Integrated pillow speaker jack

With a compatible pillow speaker interface, Samsung's HCU7030 Series healthcare display optimizes the viewing experience, enabling patients to enjoy clear audio and have full control of the TV at their bedside.

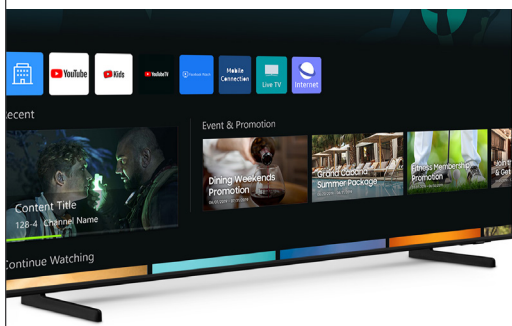

Pro:Idiom

Pro:Idiom

LISTED

UL Listed

Pro:Idiom DRM compatible

Pro:Idiom MPEG4 Technology enables you to give your patients a streamlined viewing experience with premium HDTV content from cable, satellite, or video-on-demand services. It's easy and convenient to keep them entertained, with no optional cards or external box necessary.*

*Pro:Idiom MPEG4 technology makes the HCU7030 Series TVs compatible with most major VOD/ PPV systems that by law must encrypt the video stream.

LYNK Cloud
