GET THE BEST OF BOTH WORLDS

Combination convection and microwave oven gives you the best of both worlds. Convection technology gives you perfect roasting, baking and browning while the microwave provides the speed you desire.

Convection technology circulates the heated air to cook faster and more evenly.

Sharp Carousel® Ceramic Turntable

The turntable for the SMC1585 Series is an elegant, glossy white, oven-safe ceramic platter. Easy-to-clean and dishwasher-safe, this durable turntable is both food-safe for direct contact cooking and beautiful to bring to the table.

Two, removable racks are included and sized to fit on top of the ceramic turntable for two levels of even, convection cooking. Use the upper rack for baking, and the lower rack for broiling and roasting.

User-Friendly Features Make Cooking and Cleaning Easy

With innovative features like Auto Broil, Auto Roast, Auto Bake, Auto Defrost and the Carousel® turntable system, reheating your favorite foods, snacks and beverages is easy. With decades of experience designing smart, innovative microwaves, it's easy to see why cooks throughout the world trust Sharp Carousel.
