

Smarter Coffee 2nd Generation

Features

- **Control:** Remote brew your Smarter Coffee from anywhere using the Smarter app.
- **Wake Up mode:** Set alarms via the Smarter app to wake you up to a freshly brewed coffee.
- **Home mode:** Smarter Coffee will have a brew ready when you walk through the front door.
- **Water sensors:** Know how many cups you can make by looking at the water level in the Smarter app.
- **Personalize:** Choose ground or filtered coffee, your desired strength and coarseness of grind and the number of cups required.
- **Warming plate:** Pre-heat and keep your brewed coffee warm for up to 40 minutes to ensure your coffee stays hot.
- **Color panel:** Smarter Coffee comes with three interchangeable color panels in black, white and red.
- **Integration:** Connect to Amazon Alexa and Google Assistant or other smart home devices using our IFTTT services.
- **Manual control:** Smarter Coffee can also be controlled manually via the 3.5" LCD control panel.
- **Setup:** Simple and secure device pairing with BlinkUp allows instant setup in seconds.
