

Waber-by-Tripp Lite 3-Outlet Industrial Power Strip, 9 ft. Cord, NEMA 5-15P Plug, Switch Guard

MODEL NUMBER: 3SP9

Highlights

- 3 NEMA 5-15R outlets with 1.75 in. center-to-center spacing
- 15A resettable circuit breaker
- Lighted on/off switch with transparent safety cover
- Heavy-duty all-metal housing
- 9 ft. power cord with NEMA 5-15P plug

Package Includes

- 3SP9 Waber-by-Tripp Lite 3-Outlet Industrial Power Strip, 9 ft. Cord
- Owner's manual

Description

The 3SP9 Waber-by-Tripp Lite 3-Outlet Industrial Power Strip is the perfect power distribution solution for appliances, power tools, lighting and other electrical equipment in both industrial and commercial settings. Its rugged all-metal housing is designed for demanding environments, making it ideal for a factory floor, warehouse, server room or commercial space. Keyhole mounting tabs let you install the 3SP9 wherever convenient—on a wall, floor, workbench or under a counter.

Three NEMA 5-15R outlets are arranged in standard 1.75-inch center-to-center spacing for easy connection to equipment. A built-in unfiltered electrical pass through makes the 3SP9 ideal for distributing alternate waveform power from a UPS system or generator to connected equipment. The long nine-foot power cord with NEMA 5-15P plug lets the 3SP9 be mounted away from the power source for maximum convenience and flexibility.

A built-in 15A circuit breaker detects dangerous overloads that could damage valuable equipment and immediately shuts down the 3SP9. A transparent switch cover protects against accidental shutdowns. A lighted on/off switch confirms at a glance that the power strip is operating.

Features

Perfect Worksite Power Distribution

- Ideal for powering appliances, power tools, lighting and other electrical equipment
- 3 NEMA 5-15R outlets with 1.75 in. center-to-center spacing
- 9 ft. power cord with NEMA 5-15P plug
- Meets UL1363 (USA) and cUL (Canada) certifications

Premium Safety Features

- 15A resettable circuit breaker prevents dangerous overloads
- Transparent switch cover eliminates accidental shutdowns
- Lighted on/off switch confirms operation at a glance

Unfiltered Electrical Pass Through

- Distributes alternate waveform power from UPS system or generator to connected equipment

Heavy-Duty All-Metal Housing

- Designed for demanding environments, such as factories, warehouses, server rooms and commercial spaces
- 8.6 in. length for minimal footprint
- Keyhole mounting tabs for installation on a wall, floor, workbench or under a counter

Specifications

OUTPUT	
Frequency Compatibility	50 / 60 Hz
Output Receptacles	(3) 5-15R
Circuit Breaker (amps)	15
Outlet Spacing	1.75 in.
Outlet Orientation	Single row of 3
Right-Angle Outlets	No
INPUT	
Nominal Input Voltage(s) Supported	120V AC
Recommended Electrical Service	15A 120V
Input Connection Type	NEMA 5-15P
Input Cord Length (ft.)	9
Input Cord Length (m)	2.74
Voltage Compatibility (VAC)	120
USER INTERFACE, ALERTS & CONTROLS	
Switches	Illuminated 2 position switch controls power to all outlets
Locking Switch Cover	Transparent locking switch cover prevents accidental shutoff
PHYSICAL	
Unit Dimensions (hwd / in.)	1.50 x 8.75 x 2.50
Unit Dimensions (hwd / cm)	3.81 x 22.2 x 6.35
Material of Construction	Metal
Integrated Keyhole Mounting Tabs	Keyhole mounting tabs enable mounting to a variety of surfaces
Receptacle Color	Black
Color (AC Line Cord)	Black
