- Locking steel cabinet with flow-through ventilation
- Adjustable device dividers and integrated cord management
- Ships fully assembled and mounts to wall, desk, table or floor
- 10 ft. power cord and built-in AC outlets for each device

### Package Includes

- CSC16AC 16-device AC charging station
- (2) Keys for door lock
- Owner's manual

### Description

The CSC16AC 16-Device AC Charging Station provides AC charging, secure storage and cord management for up to 16 Chromebooks and laptops. It's ideal for education, office, commercial, retail, industrial and healthcare environments.

16 AC outlets provide convenient charging. Chromebooks and laptops charge through their AC adapters (up to 1,440 watts total).

The charging station provides comprehensive device protection, with steel construction and a powder-coated finish for long-term durability. It locks with the included keys to prevent device theft, damage or tampering, and flow-through ventilation prevents overheating.

The charging station also provides clutter-free organization of devices and cabling. AC outlets, power adapters and cords store out of sight. A toolless trim panel permits quick service access.

The charging station is easy to configure. It ships fully assembled and supports mounting to a wall, desk, table, counter or floor. The front doors open 180 degrees for unrestricted device and service access, and removable dividers accommodate thicker devices. You can also convert the charging station to a mobile cart with Tripp Lite's CSHANDLEKIT2 accessory and roll it where needed.

### Features

#### Convenient Charging

- 16 AC outlets charge Chromebooks and laptops through their AC adapters
- Stores devices up to 16 in. (16.5 x 10.5 x 1.5 in. with power cord)
- 10 ft. AC input cord reaches distant outlets

#### Comprehensive Protection

- Sturdy steel construction and powder-coated finish provide long-term durability
- Doors lock with included keys to prevent device theft, damage or tampering

- Extra-secure 3-point locking mechanism latches doors at top, middle and bottom
- Built-in hasp and user-supplied padlock can replace or supplement built-in lock
- Rear security ports accommodate user-supplied bicycle cable or chain lock
- Flow-through ventilation prevents devices from overheating
- Coated shelf shields devices from scratches and scuffs
- Cord access ports have rubber grommets to prevent damage
- Built-in circuit breaker protects against overloads

#### Clutter-Free Organization

- AC outlets, device AC adapters and cords store out of sight
- Shelf includes charging cord access ports for each device
- Toolless trim panel permits quick access to AC adapters and cords
- Staggered outlets fit bulky power adapters without blocking adjacent outlets

#### Flexible Configuration

- Ships fully assembled
- Supports mounting to wall, desk, table, counter or floor
- Doors open 180 degrees for unrestricted device and service access
- Split doors reduce clearance requirements
- Removable dividers accommodate thicker devices like battery chargers
- Converts to mobile cart with optional CSHANDLEKIT2 accessory
