

- Male-to-male is not a standard USB cable configuration. It's used only in rare instances where a peripheral or patch bay employs a female connector instead of a USB-B port.
- This cable will not connect two PCs. File-sharing between computers requires special software-driven cables, such as Tripp Lite's [U233-006-MP-R](#).

## USB 3.0 SuperSpeed A/A Cable (M/M), Black, 3 ft.

MODEL NUMBER: **U320-003-BK**

### Highlights

- Supports data transfer rates up to 5 Gbps
- Nickel-plated connectors with gold-plated contacts
- Data flows both directions simultaneously
- Twisted 28/24 AWG data/power lines
- Backward compatible with earlier USB generations

### System Requirements

- Computer with USB-A female port
- Peripheral or patch bay with USB-A female port

### Package Includes

- U320-003-BK USB 3.0 SuperSpeed A/A Cable (M/M)

### Description

The U320-003-BK USB 3.0 SuperSpeed A/A Cable (M/M) connects your computer, laptop or other compatible USB 3.0 device, such as Chromebooks and Surface tablets, to a USB-A peripheral or patch bay with a female port. This three-foot cable supports USB 3.0 data transfer rates up to 5 Gbps, which is ten times faster than USB 2.0. Its bi-directional data interface allows data to flow both directions simultaneously, increasing theoretical bandwidth by ten times for efficient power and little wait-time.

Backward compatible with earlier USB generations, the U320-003-BK features premium foil and braid shielding to deliver reliable, error-free signal quality and protection from EMI/RFI interference. Molded nickel-plated connectors with gold-plated copper contacts ensure excellent conductivity. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.

### Features

#### Connects Your USB Type-A Peripherals to Your Computer

- Recommended for peripherals, patch bays, computers, laptops and other compatible USB 3.0 devices with female connectors
- Supports data transfer rates up to 5 Gbps
- Bi-directional data interface allows data to flow both directions
- Backward compatible with earlier USB generations

#### First-Rate Construction for Superior Signal Transfer

- Premium foil and braid shielding for EMI/RFI noise protection
- Molded nickel-plated connectors for optimal signal quality
- Integral strain relief for long life
- Twisted 28/24 AWG data/power lines
- Flexible PVC jacket easy to install in tight spaces

## Specifications

INPUT	
Cable Length (ft.)	3
Cable Length (m)	0.9
PHYSICAL	
Color	Black
CONNECTIONS	
Side A - Connector 1	USB 3.0 A (MALE)
Side B - Connector 1	USB 3.0 A (MALE)
WARRANTY	
Product Warranty Period (Worldwide)	Lifetime limited warranty
