OVERVIEW

The RoboSHOT 30E-M PTZ Camera is the leading long-range zoom camera Certified for Microsoft Teams. It has an impressive 30x zoom, making it ideal for medium to large conference rooms, boardrooms, and training rooms.

Equipped with a 1/2.5-type Exmor R CMOS sensor and cuttingedge image signal processing, it delivers striking, high-definition video image quality, even in dim lighting conditions.

The RoboSHOT 30E-M offers unparalleled color adjustment options and wide dynamic range to correct uneven lighting. Integrators can further customize the experience by adding preset controls that allow for easy switching between multiple views in the room.

It can be controlled through a web-based user interface from anywhere worldwide and managed and updated using the Microsoft Teams admin center.

FEATURES

- 30x zoom with 70.2 degree field of view
- USB 3.0 for seamless integration
 with Microsoft Teams Rooms
- Can be managed using the Microsoft Teams
 admin center
- Video image adjustments such as color temperature, saturation and iris
- Custom PTZ presets
- Free Vaddio Deployment Tool for remote management, updates and more
