- Stylus and air mouse functionality
- Laser pointer and spotlight features available on select ViewBoard models
- Curved design accommodates right and left-handed users
- Precisely positioned buttons for seamless navigation

Product Description

Take your presentations to the next level with the VB-PEN-007 AirPen. Boasting air mouse, digital laser pointer, and spotlight functions, this plug-and-present stylus equips presenters with the tools they need to express their ideas confidently. Simply connect it to any ViewBoard or compatible touch device to enjoy greater freedom of movement and a natural, pen-on-paper writing experience during presentations.
