

## All-Weather Speaker System with Wide Frequency Response NS-AW150 / NS-AW150W

### High Performance Outdoor 2-Way Speakers

The NS-AW150 2-Way All-Weather Speaker System is designed and ready for indoor or outdoor use. Its 5 in. woofer and 1 in. glass filled dome tweeter set a soundstage that achieves impressive efficiency and dynamic range in any sized space. Whether the occasion calls for a symphony orchestra or battlefield drama, this model is capable of summoning both with equal conviction in any two-channel or multi-channel audio system.
